

July 2016

Welcome to the 2016 – 2017 academic year. The administration and staff are working diligently to prepare for the upcoming school year. The following enrollment documents provide detailed information; please review them thoroughly.

Please take time to read our Community Handbook carefully. It serves as an invaluable resource not only for students, but also for parents, faculty, and staff. Returning families and students, there were items updated for this school year, so please take time to review all the pages. The copy provided is for your reference at home. Students will receive another copy at school in September.

The 2016-2017 Academic Year Calendar is enclosed. Parents, please take note of the travel dates and make arrangements accordingly. Early departures and late arrivals disrupt the program of the school. Therefore, it is important that students are present for the full duration of school activities and programs.

Please complete all medical forms accurately and promptly. If you need to work with your healthcare provider in completing the forms, please allow enough time for them to be received by *August 16, 2016*. If your son takes or will take any medication while present on campus, please review the medication policies closely and reach out to SchoolMed directly with any questions or concerns.

If you have any questions regarding class scheduling or academics please contact Mr. Piazza, Dean of Studies. Otherwise, do not hesitate to contact Matthew Woodhall, Head of School or Rochelle Lind Assistant to the Head of School if you have any questions or concerns during the summer. We look forward to greeting you in the fall.
